Historical Data	Percentage
2011	17%
2010	9%
2009	12%
2008	13%

Year	2012	2013	2014
Goal	15%	14%	12%

## Traffic Records

### Short-term performance goals:

- Coordinate the planning and development of the Section 408 application and TRCC (Traffic Records Coordinating Committee) Strategic Plan with the TRCC.
- Assist the TRCC with the implementation of projects as outlined in the TRCC Strategic Plan. See below:
  - Support efforts by the Delaware Justice Information System (DeJIS) to enhance the quality of data in the E-Ticket and E-Crash systems
  - Support efforts by the Division of Motor Vehicles in the creation of a DMV Data Mining Tool
  - Support efforts by the Department of Transportation to enhance the Crash Analysis and Reporting System (CARS)
  - Support efforts by the Delaware State Police to improve the quality of Commercial Motor Vehicle data

### Long-range performance goal:

- Continue to support TRCC partners' efforts to upgrade existing traffic records systems and efforts to identify additional resources to further aid in accurate, timely, and complete data analysis.
